More often youths are confused and confounded as to:

- what is Right Action?
- Who is the Authority?
- What are the principles of Right Living?
- Etc, etc.

we go through a mechanical way of living, merely following the routine of our predecessors. Thus, we lack the fundamental knowledge of living and become victims of stress and strain.

Religion builds the CONFIDENCE in yourself and in your action, and helps you to evolve to greater heights.

Youth Advisor  
Sala Ramanathan.
